

Targeting Targeting Science

Inspire curiosity and a love of discovery.

Why Schools Choose Targeting Science

- Supports the development of scientific knowledge, skills and understanding
- Encourages curiosity, inquiry and a love of scientific discovery
- Engages students through hands-on investigations and real-world applications
- Develops observation, questioning and problem-solving skills
- Strengthens students' ability to plan, conduct and evaluate investigations
- Supports curriculum-aligned science learning across biological, chemical, physical and Earth sciences
- Ready-to-use activities reduce teacher preparation time while delivering meaningful learning experiences.
