

Updated to align with Curriculum V9

The **Targeting Homework** activity books provide Maths and English revision of the Australian Curriculum for years 1 through to 6.

Each book contains 32 weekly units (8 per term) with activities in:

ENGLISH

- Grammar & Punctuation
- Phonic Knowledge & Spelling
- Comprehension & Reading
- Handwriting

MATHS

- Number & Algebra
- Statistics & Probability
- Measurement & Geometry
- Problem Solving

Features are:

Traffic Light marking system – a simple colour-coded marking system enables children to record their results and provides an at-a-glance overview of their progress.

Term Reviews – each of the 8 units is followed by a term review test for assessment. Parents, carers and teachers can use these results to monitor their child's progress and identify low performing areas.

Reading Review segment in each unit for children to record and rate their home reading – no need to buy a separate Reading Journal!

Answers for all activities are supplied at the back of the book, for easy removal.

ACARA Curriculum Codes and their descriptions are provided for every unit.

English and Maths Scope and Sequence Charts are on the inside covers for easy reference to the relevant curriculum outcomes.
