

Targeting Mental Maths

Class Set ADOPTION OFFER

The new editions are fully updated to align with the Australian Curriculum V9, and have all the features that educators love about Targeting Mental Maths.

When children can solve problems in their heads, they feel more confident in their own abilities. The development of mental computation progresses through a range of strategies that can be improved by regular practice. The Targeting Mental Maths series targets the structured development of the children's mental maths strategies.

**Updated to
Australian
Curriculum
V9**
